

1x Starter Kit

5x Student Kits

CPS COLLEGE PACK

The Colour Placement System College Pack contains all you need to start to teach your students.

Q. How many students can I teach with the CPS College Pack?

A. The CPS college pack consists of 5 reusable student kits. Only the colour guards are single use, but included in the offer we supply a maxi pack of 50 colour guards (sizes 1-5).

If each student uses one of each colour guard size contained in the College Pack, the Teacher will be able to train 50 students with each College Pack.

Q. Do I need to purchase the student work book for each student?

A. This depends on the College. There are 2 options:

- 1) Pass the work book from student to student.
- 2) Have the students purchase their own workbooks.

The second option is more suitable when the college wants to award the CPS Diploma to their students (every student work book has a diploma included in the price).

CPS student kit including advance student manual

Academy use only.
Not for resale. For professional use.

Q. How many tutors can you teach with the College Pack?

A. Included in the College Pack are one free teacher Diploma and ID card (if more than one is required, please contact CPS).

Q. Where are the courses held?

A. All the free teaching training session are delivered at CPS Academy in Hastings, East Sussex, UK. We can also arrange for one of our educators to deliver the course at the college. For the full cost please contact us directly.

Q. What do the Teachers need to bring for the course?

A. If the course is held at CPS Academy, the only requirement is to bring a mid-length (minimum 7 inch) cut mannequin head. If the course is held at a College you need to add colouring equipment such as a tint bowl, tint brush, clips, etc.
